The programme has not a weak spot in it, and the entertainment is about the best variety programme that has ever been given in this colony.

**MR. HENRIE BRIN'S CONCERTS.**

The last but one of Mr. Charles Howard Brin's popular concerts drew a large audience to the Central Hall, and the program was well received. A grand deal of interest was taken in the debate on the resolution of Miss Jeanne Kamsky, who sang the following song:

**DEATH OF THE OLDEST VICTORIAN COLONIST.**

MELBOURNE, SATURDAY.

The death is announced, at his residence, New-  
port, of the oldest Victorian colonist in the person  
of Captain David Funnar, for a long period  
Harbour Master and pilot at Port Albert. Captain  
Funnar came to the colony in 1837, and  
and stood on shore at Lady Bay when the vessel  
conveying the Henty's arrived there. Afterwards  
he removed to Port Albert, where he was first  
appointed pilot under the New South Wales  
Government.

MELBOURNE, SUNDAY.

The total amount received by the committee of  
the Women's Hospital in consequence of the  
week of self-denial amounted to £5318. There are  
said to be some £1000 more.

The Cabinet has decided to modify its retrover-  
ment proposals so far as the Western Militia Corps  
are concerned. This is in consequence of a re-  
sult of the efforts of the Government to secure  
the great interest displayed by the men in their  
work. The number of militiamen in each com-  
pany will be reduced from 167 to 78. But addi-  
tional members may continue to be connected  
with the company as supernumeraries without  
pay.

A peculiarly determined case of suicide occurred  
at Adelaide station on Friday evening about 9.30,  
when a German named Claus Lohr, crept from  
under the platform and laid his head on the rails  
immediately before the arrival of a train. He  
was instantly decapitated.

The Government is of opinion that, should the Imperial authorities grant a subsidy to Messrs. Hoddert, Parker, and Co.'s Canadian mail service, New Zealand may fairly claim that some of her ports should be a port of call for the steamers.

It is reported that the labour market in the colony is becoming glutted.

## COUNTRY NEWS.

(FROM OUR CORRESPONDENTS.)

### MR. DANGAR BEFORE HIS CONSTITUENTS.

KEMPEY, SUNDAY.

Mr. Dangar addressed another large audience in the Alexandria Hall on Saturday night. He observed that he had been elected to the Egyptian Chamber of Deputies, and he objected to the income tax, because it had never been before the people, and also because it was not connected with a land tax. One of the greatest curses to the colony was the high rate of interest charged. He considered the rate should be restricted by Act of Parliament. It would also be a blessing to the country when some sort of national bank was

established.  
The communication takes place to-morrow. It is generally believed that Mr. Danger will be returned by a good majority.

**THE MINING DIFFICULTY AT LITWOG.**

**THREATENED STRIKE.**

**LITWOG, SATURDAY.**

The difficulty regarding the lowering rates at the local collieries has now reached a critical stage. An aggregate miners' meeting was held last night, and it is currently rumored to-day that if the men's offer of 25 per cent reduction is not referred to work will cease at all the pits in a few days. The situation is regarded with much misgiving by the general public, who already have the bank suspensions to contend with.

**WANTON DESTRUCTION OF TIMBER.**

**HEAVY FINE.**

**PICTON, SATURDAY.**

John Randall was heavily fined by the local Bench yesterday for stripping bark from the trees in the town. The evidence showed that over 100 fine timber trees, worth £1 each, had been destroyed for one sheet of bark worth £10. This is giving very scarce to many parts of the colony, but a large quantity of valuable timber is growing in this district, which requires constant vigilance to prevent it being ruthlessly destroyed for bark. Mr. Randall said that he had been watching Randall for some time. At last, after camping out for three nights in the bush, he had seen him stripping bark from the trees laden with bark. The Bench complimented Eathan on the zeal and energy he had displayed.

The balance sheet for the year ended 31st March 1900 showed amount to about £1,100, and £300 special donations, £250 national awards, and about £50 of the society's own profits. On the proposition of Mr. Munn, the following resolution was passed:—  
 "That this committee desires to place on record its appreciation of the services rendered by Mr. J. H. Munn, president of the association, and Mr. A. W. Wesley, Director of Agriculture, from the Department of Agriculture, being assured that the committee has the pleasure of expressing its appreciation of the services rendered by the Agricultural Association had a helping friend and was

The president would be glad to have the pleasure in conveying the resolution to Mr. Anderson.

**BOATING FATALITY AT NEWCASTLE.**  
**ONE MAN DROWNED.**

**NEWCASTLE, SATURDAY.**  
About 7 o'clock this morning three watermen's skiffs, containing altogether seven occupants, put off to the wharf at the Victoria wharves, Newcastle, which was then nearing port. About 100 yards outside the rock known as Black Point, the skiff containing the first boat, which was manned by Messrs. Hickey and

Savage, in the employ of Mr. F. Ingall, managed to escape the shock and pulled through safely. The other two boats were blown away and being thrust into the sea. One of these boats was in the employ of Messrs. H. Sturge and Co., and contained two men, who were blown away and being thrust to the surface again, and, being a good swimmer, struck out for the boat, which was bottom upward about 100 yards, but before he could reach it his strength was nearly exhausted. He was picked up by the pilot boat, and brought ashore. His mate, who was a good swimmer, was blown away and was not recovered. For 15 years Schofield has followed the occupation of a waterman, yet was unable to swim, and was nearly fatally injured. He writes as to the ground tremor, and the news that a tsunami was a terrible shock. The men in the third boat were all rescued.

BERRY, SATURDAY.

A meeting of the Illinois Wesleyan Presbytery, of the Presbyterian Church, has been held to ordain and induct the Rev. S. J. Dymond, to the pastorate of the new station December last by the resignation of the Rev. Robert Johnson. The officiating ministers were Messrs. John A. Burgess, of Chicago, and J. W. Dymond, of Jamboreo. There was a large attendance, and the services were of the most profitable character. The induction was followed by a social gathering at which addresses were delivered by Mr. James H. Smith, of Chicago, the visiting minister, the Rev. H. C. Cook, of the same city, and the Rev. J. W. Dymond, of Jamboreo.
